

arborclad

COMPOSITE CLADDING FOR EXTERIOR APPLICATIONS

ArborClad combines the warmth of wood with the low-maintenance and long-lasting benefits of composite. Available in four colours with an attractive wood-grain surface finish.

- Never needs to be sealed, stained or painted
- Splinter free and crack resistant
- Weather-resistant
- Outperforms wood alternatives on fade resistance
- No issues with warping
- No need to maintain or replace
- 15 year residential warranty

Manufacturer warranty is subject to terms and conditions, contact us for full details.
